The Spray Yeast Factory to be Located on South Mosley Avenue-Capacity to be Increased.

Messrs, W. J. Corner and H. R. Farnum vesterday purchased two lots on Mosley avenue, just north of Kellogg street. They are located between Mosley and Rock Island avenues and have 50x140 feet. The Wichita stair factory is located on the lots and it is proposed to use the boiler, engine and shafting in the manufacture of "spray yeast." The other machinery will be re-moved by the former owners and all that which can be utilized in the manufacture of "spray yeast" will be retained in the building. The building for the stair factory was only 30x40 feet and two stories high. This is by no means large enough to give room for the yeast factory. It has
